

## THE GIFT OF LIFE

The value of the Life cannot be estimated and you have not understood this yet.

Letter of Conchiglia

Prot. 08.163 - 05.12.08

Dear brothers and dear sisters,  
dear young people, sons of God,

I would like you to reflect on the Gift of Life, a sublime Gift, unique and which cannot be repeated.

The value of Life cannot be estimated and you have not understood this yet.

You do not realize that you treat your bodies without respect whereas it is the Temple of God.

Consider the fact that your Soul, your mind and your spirit manifest themselves through the body, that through words and actions achieves wonders contributing to the Project of God

Look at yourselves... you are beautiful, you are very beautiful, created to Image and Likeness of God. It is important that you learn to love yourselves, and also to be merciful with yourselves.

You need to appreciate yourselves as God would and to value yourselves in His Eyes with simplicity. Work to improve your abilities as much as possible and do not pretend to have what you cannot find in yourselves. Love each other, love each other and love your brothers, considering that each of them is equal to you. Those who are spiritually more advanced help those remain behind.

Those who have more material things.... help those who have not. Know how to tolerate one another and abolish vanity.

Learn to listen before speaking, because the silence between listening and speaking is precious and fertile. Every now and then stop, take time to reflect so that you can explore and know yourselves better because in reality you only know yourselves superficially.

Try to savour every moment of your existence and do not waste your time.

Use it well, try to imagine to be on your own on the Earth.

Only you and God. As in the beginning.

When was the last time you saw the dawn or the sunset, when was the last time you heard the birds singing, the rustle of the leaves, the rush of the wind and the roar of the sea? Do you remember the smell of the earth after the rain? And the sent of flowers?

Dear brothers and dear sisters, the noise of the world is depriving you of the good things in life, those that are free and within reach to everyone. To walk in a field is not a waste of time, so take repossession in your hearth... of the Earth where God has put you. Mary our Mother, is the Mother of Life.

She is the Woman Who Is, who has donated the Man Who Is. It is Mary who has taught Jesus to love and to appreciate the Gift of Life and of Nature. She has accompanied Him in every step of His physical and spiritual development and She before Him has put into practice what I have just said to you. She has taught Him what She has experienced and learned and then She has entrusted Him to the Father for all of us.

Only through knowing the Gift of Life it is possible to understand how big the Sacrifice of Jesus was in giving His Life for each of us.

Dear brothers and dear sisters,  
dear young people, sons of God,  
God bless you  
and the Divine Mary, Our Lady of Guadalupe protects you  
in the Name of the Father 🌹  
of the Mother, 🌹  
of the Son 🌹  
and of the Holy Spirit. 🌹  
Amen.
