

EUTHANASIA

Letter of Conchiglia

Prot. 09.177 - 19.01.09

Dear brothers and dear sisters,

Human cruelty does not limit itself to killing, since the man, that is guided by Satan, tries to destroy everything which exists and even himself.

Satan is so wicked as to inculcate upon man the desire to die and he does this in different ways, without man realizing it. So then Satan, with his maleficent rays, instils in man the desire of revenge, retaliation, conquest, power, lust and killing... in a word... the desire of self-destruction.

SELF-DESTRUCTION. WHAT A WORD!

How is it possible that man intends « to destroy himself »?

It is possible and it happens every day, everywhere in the world... above all in the western world. Man feels strong, powerful and wise since he has everything, but he is deceived since the one who believes he has everything, in reality does not have anything, because if man does not have the presence of God in his heart and in his mind, he is as an empty container that will fall at the first strong gust of wind. What are the strong gusts? The tests of everyday life, the crosses to be carried with love to Jesus.

There are too many aberrant things before the Eyes of God. These aberrant things, growing also mentally in man, lead man to think ahead. And he arrives therefore to homicide, to suicide, to abortion and to euthanasia.

Satan is so wicked, to make us believe that many aberrations are « Human Rights ».

But do you realise to which point men have become enslaved and dominated by Satan?

In the world the death penalty has not been abolished yet. And men torture other men and they also kill them. Every day, every moment, every instant, all over the world... they Kill!

In the world thousands of children die every minute because of abortion.

And Life is destroyed through wars, vices, suicides and euthanasia because we think we are masters of our own life.

NOT AT ALL.

LIFE DOES NOT BELONG TO YOU. LIFE BELONGS TO GOD.

And you don't have any right to suppress it or to shorten it in any way.

You are only the custodians of your Life that it is a Gift of God and you will have to explain to God, on the last day, what you have done with your Life.

This is happening because you have excluded God from your Life, because you do not love Him let alone look for Him and call Him.

PAIN IS NOT A PUNISHMENT FROM GOD.

SUFFERING IS NOT WANTED BY GOD.

PAIN, SUFFERING AND DEATH ARE THE CONSEQUENCE OF THE ORIGINAL SIN CAUSED BY THE FIRST MAN ADAM AND FROM THAT DAY DEATH HAS ENTERED INTO THE WORLD.

WHILE THE CATHOLIC CHURCH AND HUMANITY DOES NOT TAKE ACTION, NOTHING WILL CHANGE FOR THE BETTER. NOTHING!

AND THE CATHOLIC CHURCH WILL NOT BE ABLE TO CONSOLE ITS CHILDREN.

Read again and meditate the Letter of Conchiglia about [THE ORIGINAL SIN](#)

Pain is purification, it is pure incense, it is in the adoring soul, it shakes the inactive ones, it inebriates the believers. Pain fades away with death because death leads to the True Life, that Life that Jesus has promised to all those that will listen and imitate Him. Nobody is finished at death, God gives everyone time to understand and to know where they will end depending on their decision. It is up to you the choice between the good and the evil, until the last moment you will have a choice, nobody will be able to say « I did not know », God gives everyone the same free choice.

LIFE IS A SUBLIME GIFT EVEN IN THE SUFFERING AND IS UNIQUE AND CANNOT BE REPEATED.

JESUS DID NOT ANTICIPATE THE TIMING OF HIS DEATH IN ORDER TO END HIS SUFFERINGS. JESUS IS THE ONLY REFERENCE FOR OUR ACTIONS. IN EVERY CIRCUMSTANCE!

IT IS WITH THE TENDERNESS OF HIS SUFFERING AND HIS LOVE THAT JESUS AND MARY HAVE CONQUERED HUMANITY.

The tenderness of suffering is something barely perceptible but real. The tenderness of suffering is compared to the clouds that swirl and blanket the top of a mountain. Suffering is the Saintly Mountain to reach and to live in true communion with God in order to complete His Will because God always demands from man, His Son, the sharing of the action through the will, and at times through inevitable suffering.

THE VALUE OF THE SUFFERING IS IMMENSE.

Everyone runs away from it, nobody wants it, nobody loves it, nobody embraces it, and nobody wants to touch it. Yet it is in the world, it is visible to everybody. Man turns avoiding it at all costs as if it were a serious and contagious illness, yet, SUFFERING IS A TREASURE COVERED BY RAGS... compared to a leper with a reformed and good heart.

Therefore the suffering, as the leper, if it is embraced and loved, shows from under the rags THE TREASURE OF THE FEELINGS OF THE HEART, so as to let the spirit exult in God, thanking Him for that suffering, that because later, only later, it DISCLOSES MAN'S FEELINGS.

I know, these are not easy Words to internalise; only the most sensitive minds will succeed in this. In fact, if all men had truly understood at least a little bit about the Suffering of Jesus, True Man and True God, the man of today would be better and society would be better too.

ONLY A FEW ARE THOSE WHO LIVE IN THE SUFFERANCE OF LOVE IN THE IMITATION OF JESUS, GOD, WHO FOR THE LOVE OF THE OLDER MAN AND FOR THE YOUNGER MAN, HE TOOK THE BLAME OF ALL THE SUFFERINGS OF THE WORLD WITH SUBLIME TENDERNESS.

We do not have to be afraid to accept the Will of God, even if this means accepting suffering because if Jesus and Mary had not together accepted the suffering foreseen for them the Marvellous and Unique Work of our Father could not have been able to have been realised.

MAN'S REDEMPTION AFTER THE ORIGINAL SIN, CAUSED BY THE FIRST MAN constituted by our Father: « AD-HAM » and that it is « THE DOMINUS TERRAE » which does not mean « man made of earth » but « MAN OF THE EARTH ».

The value of Life cannot be estimated and yet you have still not understood this. You do not realize that you treat your bodies without respect whereas it is the Temple of God. Consider the fact that your Soul, your mind and your spirit manifest themselves through the body, that through words and actions achieves wonders contributing to the Project of God

I repeat, only knowing the Gift of Life we can be understand how enormous has been the Sacrifice of Jesus in giving His Life for each of us.

Jesus is sorrowful and tired of seeing man getting lost, He is tired of repeating every time that you have to turn yourself towards God who is the answer to everything.

Despite all of this Jesus will keep on saying it until the last useful moment because He loves you. He loves all those children who are in serious sin and He desires to save them all, nobody excluded, but He cannot do anything if we do not open the door of our hearts and refuse to believe in Him.

Dear brothers and dear sisters,

love in the world, is like a little candle flame compared to the LIGHT, JESUS, THE I AM, and all suffering that is offered to Him by those children who love Him... they act as a screen to prevent that little flame being extinguished until His Return.

Dear brothers and dear sisters in Jesus and Mary,

God bless you

and the Divine Mary, Our Lady of Guadalupe protects you

in the Name of the Father 🌹

of the Mother 🌹

of the Son 🌹

and the Holy Spirit. 🌹

Amen.

Conchiglia
