

DEAR POPE BENEDICT XVI... THE TIME HAS ARRIVED

TO TELL ALL OF HUMANITY
HOW JESUS WILL RETURN AND THAT IS IN THE SAME WAY
IN WHICH HE ASCENDED INTO HEAVEN
AS IS WRITTEN IN THE ACTS OF THE APOSTLES

Open letter of Conchiglia
to Her Holiness Pope Benedict XVI

Prot. 10.203 - 15.08.10

August 15, 2010 - Solemnity of the Assumption of Holy Mary in Glory

August 15, 2010
Assumption of Holy Mary in Glory

Dear Pope Benedict XVI,

Priests, Bishops and Cardinals

Religious men and women

President of the Italian Republic Giorgio Napolitano

Heads of the States of the World

Dear brothers and sisters...

by the Will of Jesus on this day of the Solemnity of the Assumption of Holy Mary in Glory...
the time has arrived to say other things.

Dear Pope Benedict XVI,

Your Holiness, after January 6th 2010, Epiphany of the Lord again I say to You that soon Jesus will Return, but before physically showing Himself, I repeat, through Conchiglia He wanted to probe His people those who said to love Him and that seemed to be waiting for Him in the year 2000 acting in me and through me Conchiglia... hiding behind a « veil » making hear only « the sound of His voice » so that the Voice of God... the Verb... the « Logos » could express Himself.

Our time-not time runs quickly and though the grave and continuous catastrophes in various parts of the world... the Catholic Church still remains silent.

I repeat my Holiness, with ears in my eyes,

the Catholic Church has mentioned the possibility of extraterrestrial life on other worlds without giving explanations. That is not good. People are still in total confusion.

Even You, Your Holiness, knows how the things are.

The Popes who preceded you also knew. And they remained silent.

The Lady of Fatima had expressively requested to make known the Third Secret in 1960. She was not obeyed. Many things are told in that Secret that has been hidden to Humanity. The Catholic Church though recognising the authenticity of the Apparitions of Fatima did not obey our Lady.

I repeat, it is a grave contradiction. A grave disobedience.

Dear Pope Benedict XVI, You still remember when You were still Cardinal, one day Vittorio Messori asked You:

“Have you read what is called the third part of the Secret of Fatima, that which Sister Lucia sent to Pope John XXIII, which he did not want to reveal, and had ordered to have it deposited in the Archives of the Vatican?” Reply: *“Yes, I have read it.”*. And You Your Holiness continued:

“If it is not published, at least for the moment, it is to avoid to confuse the prophecy with sensationalism. In fact the announcements of punishments, even eventual ones, like a nuclear war and cosmic upsets... If that was done without preparation, could cause a contrary effect to that searched, instead of conversions which produce serenity, panic and dispersion would have been spread.”

Dear Pope Benedict XVI,

Priests, Bishops and Cardinals

Religious Men and Women

President of the Italian Republic Giorgio Napolitano

Heads of all of the States of the World

Dear brothers and sisters,

Jesus and Mary have told me to write to you and I write to you.

You are many and I do not personally know you because the Lord wants to keep me hidden, reserved, so that only His Word is paid attention and not me. You will never see me at conferences or at various meetings.

*And so then I say to you as sister to sister, as sister to brother to everyone of you **and now I speak to you who is reading me.***

God bless you and Holy Mary, Our Lady of Guadalupe

protects you and your dear ones and fills you with Benediction and Graces protecting the places where you live and work

in the Name of the Father 

of the Mother 

of the Son 

and of the Holy Spirit. 

Amen.

Thank you for receiving me through this letter.

You are invited along with you dear ones, like I have done in several years, to put into practice the requests of Our Lady of Fatima, reciting daily the Rosary, wearing the holy Scapular of Our Lady of Carmelo as made by a Priest, sign of consecration to Her Immaculate Heart; practicing the Holy Communion in the five first Saturday of the month; wearing the Cross of Saint Benedict that Satan fears a lot, in fact the Exorcists use it, and doing true penance and mortifications.

Not everyone is asked to do great things, but even little ones, but do it with the heart, with love. Surely everyone has their own mission to do in the proper family, in the work place, with their brethren. Holy Theresa of Lisieux to whom I am very devoted, said that even drinking a glass of water after an hour, being thirsty, picking up a piece of paper in Church, or reading the newspaper after, a desired letter... is considered a sacrifice and penance. But first it is important to fast from sin, do not judge and have charity in regards to ourselves and towards our brethren. To know how to forgive others, in fact, it is necessary to know how to forgive ourselves. Naturally Forgiveness must be obtained first from God through the Sacrament of Confession. In this way it contributes to the salvation of our Soul and that of our dear ones and brethren, hurrying, contemporarily, the Hour of the final Triumph of Jesus and of the Immaculate Heart of Mary.

I, Conchiglia, am not better than you. During my life I committed errors, I tried to repair them and not to repeat them anymore and I need also your prayers to continue in this Project Wanted by God in the Movimento d'Amore San Juan Diego. I have founded the Movement by Will of Jesus, He asked me to. This Movement is not as the others but is a Worldwide Movement of Hearts.

Since the beginning the Lord said to me: I make use of mere nothing and I use you. In fact what can a seashell do in comparison to the oceans and to the Universe? Nothing.

Let us therefore remain united. It is unity that gives strength. This is why "who governs and controls us" tend to separate us. The Return of Jesus is near, very close, but who should tell us remains silent, even if no one knows the day nor the Hour. Though this is the Time.

We must be ready and vigil, do more of the Sacraments, help those who are close to us and then the others, including the Priests and pray a lot for them, reduce looking at television, if possible inform yourselves in internet. And try to discern the various information. We must not believe those "who are chosen to misinform and are paid by the powerful" who try to put to sleep our conscience and to make us believe that all is well, that the disgraces always occurred etc... The information on the TV and in the newspapers are incomplete and manipulated by the powerful men. Many tragic events that are said to come from disgraces or natural causes ARE NOT SO.

Ah, if the world could truly know what the scientists guided by Satan are able to do... !

The fruits are those which confirm or not if such a thing is good or not for our life or for our spirit. Remember that God wants us joyful and happy and it is obvious that Evil does not come from Him. If peace remains in the heart even in the situations of sufferance... then we may continue on our path and try to recognise when and why the devil tries to distract us and makes us change route, maybe even meeting non believing persons, or false pious people who mask themselves as false prophets till confusion and bewilderment are generated.

We must pray a lot for Pope Benedict XVI who is putting order as much as he can in the Church. He is hindered by some Bishops and Cardinals who should help him and instead they do not obey him, they mock him, they set grave traps for him and they are rendering protestant the Catholic Church. It is enough to assist to some of their Masses. The Holy Eucharist is not respected as is the teachings of the Congregation of the Doctrine of Faith. I receive many letters from people who are scandalized by the way they see the Holy Mass celebrated.

I had to change many Churches. In one Church the Priest did not do even the Offertory.

The Host was not received while on the knees; he made you stand up if you tried to genuflect in front of the Eucharistic Jesus; and he looks bad at you when you try to receive It on your tongue in your mouth; after the Mass useless chattering and loudness in the Church instead of meditation, respect and silence. In the Church where I go now they have placed a new furnishings which have nothing of sacredness: a huge clock placed close to the statue of Holy Mary. What is it for? To better control the time during the homily. They are always making the Homely shorter. It seems that the cause of this are the “faithful” who are tired if the Homely lasts slightly longer. A member of the Movimento d’Amore San Juan Diego communicated to me that on the day of the Solemnity of the Transfiguration of Jesus, in a Church, the Priest instead of explaining and speaking of the Gospel and rightly speaking about the Transfiguration of Jesus, took out a letter of a friend of his. It seems that for him the words of his friend was more important than the Word of God.

But this is nothing in comparison of the FILTH IN THE CHURCH of which Pope Benedict XVI speaks about. Unfortunately there are also false priests, they are those who dirty the Holy Image of the Church of what Mary is the Mother. Those priests who give a great scandal and who are not called by God, did not become priests for vocation. They became priests for their own interests or for a malefic goal, to offend the Lord, to Crucify Him again and again, to further the faithful from Jesus and Mary and these are false priests invited by Satan and from these we must stay away from them and pray for them so that they will obtain the Grace of Conversion. But there are also good and holy Priests who truly have heard the call of God in their heart and for vocation they Consecrated themselves. From their behaviour you can recognise them. And in them we must trust and pray for them and help them in our possibilities. These good Priests, who through the Sacraments, permit the salvation of our Soul. They are a great Gift of God for us.

Till the Pope is able to do His work I have donated my life to God for Him. In the Vatican, the followers of Satan have a project to kill Him. Therefore my life for His... And I do not know in what manner God will take my life. Therefore, yes, I need your prayers to obtain the Grace of the final perseverance in this Mission that the Holy Trinity entrusted to me.

I love you in Jesus and in Mary and thank you for your support. « New Things » are arriving. In this Worldly Project the Movimento d’Amore San Juan Diego we must together go ahead. Alone I cannot do it.

Jesus to Conchiglia della Santissima Trinità
July 7th 2010 - 14.00

*“ The cosmic brethren exist
they belong to an intermediate sphere between you and the pure spirits
to an intermediate sphere that materialises by effect of the ionosphere.
The strong odour that they emit is characteristic of the materialization
due to the intense activity of the molecules
that are united and separated by the will through the thought.
Their human features should not surprise you
because even they are created in My Image and Likeness
with a state of perfection superior to yours but inferior to Mine.
The cosmic brethren
are impatiently waiting to show to you how they really look without hiding themselves.
Their showing themselves to many...
is to prepare Humanity of the Earth to the great event of the Planetary Contact.
They are also impatient to help you...
to teach you the correct way to live in accordance to your state on Earth.
The state that you have under estimated not being conscious of the reality
that the Potent of the Earth have continuously hidden from you.
Every authority of the Earth is aware of your future deity.
Deity that will help you to live in a glorious body in other dimensions.
It is taking into consideration that a creature can evolve.
Within himself he opens like an invisible window to reality.
A window from which one can pass only within to then project himself externally.
It is like entering in oneself to then exit from oneself...
towards Infinity without space and without time.
I... Jesus of the Trinity is speaking to you
I hear your heart beating at an accelerated rate
because your molecules recognize Me and they vibrate with joy when I pass.
They vibrate with joy at only the touch of the thought because My Thought is in you.
When I speak you write...
The molecules of your hand unite with the Invisible.
They respond to My call as your thought replies to My call.
It is a silent and unsuppressible call
and all of your being is at attention with My passing.
Your blood accelerates in its passing in the veins
as if it wants to come out of you to come towards Me.*

*It is a physical and spiritual sensation that you can not control.
 It is an interior excitement due to the knowledge of the Divinity in you.
 It is due to the knowledge of My next and imminent return.
 A return that will not happen before the Earth has not been purified.
 It will be soon child...
 it will be soon My children and brethren.
 The waiting is in accordance also with your spiritual preparation
 because it is necessary to go towards also the more simple persons
 those who would be upset if everything were to happen suddenly.
 The minds and the thoughts... even those must be aligned.
 They must be touched before...
 and then... slowly solicited...
 till they can open new horizons in you.
 Conchiglia...
 even you have experienced the fatigue... the sufferance and the pain of your mental opening.
 You well saw the window in you...
 but you did not see what was outside of that window
 the unknown... the New... always... always inducing to prudence.
 It is like when one walks in a room where the switch to turn on the light is not found...
 one goes slowly ahead... step after step trying to touch the walls
 trying to find the switch to turn on the light.
 There child...
 your brethren are like many people that being in the dark in the room Earth
 are searching for the light switch. You are their switch. They are searching you gropingly.
 They know that you are but they do not know where you are.
 They know that you exist but they do not know how to find you because they do not know you.
 Those who have found you have pressed the switch that you are...
 and they have found the light that I emit in the Universe and they have recognized Me
 they feel Me in them through you.
 You see Conchiglia...
 how your yes was and is important.
 Your acceptance of Me with a lot of love though with sufferance
 will guide My People to the Renovated New Earth.
 The tam tam of My Words
 will arrive to the extremes of the Earth
 though the restrictions that are imposed by the foolish and the proud.
 What are they in the end
 to think of being able to stop Me because they are trying to stop you?
 They are nothing... Conchiglia.
 The day will come when they will not have the courage to look at you in the face
 and they will lower their head...
 and will remain upset
 and they will remain surprised
 and they will remain enraptured
 and they will remain without breath
 and they will remain without strength
 and they will remain with empty hands.”*

Holy Mary, Our Lady of Guadalupe to Conchiglia della Santissima Trinità

July 7th 2010 - 14.30

*“ I am the Mother... Conchiglia and I love you.
The white page that proceeds the Word of my Son will make you remember this day.
I well know that you did not want to write that which suddenly burst out with a lot of force.
This is an argument that you have always avoided with care
but this is rightly the sign of the force of God.
You cannot resist the force of God that is in you
and therefore write even if you prefer it was not requested.
It is not fear... the fact that you are tired... very tired
of suffering due to this poor Humanity. It is understandable.
Do you think that Jesus was not tired?
If only you would know how many times I laid His head on my womb to make Him rest.
If only you would know how many tears He gave to me.
Yes... I say gave to me
because every tear of His was extremely precious
and only I knew the value amongst all of the creatures of the Earth.
We will speak frequently about the Universe from now on
therefore be calm... meditate... pray... hope and love
imitating Us in patience... in humbleness and in perseverance.”*

Jesus to Conchiglia della Santissima Trinità

July 9th 2010 - 09.30

*“ I am Jesus... Conchiglia... I am your God of Love
I am the God of Love of many children and brethren
and I wish to prepare you for the final battle.
Evil rules on the planet Earth.
Earth on which I was incarnated dressing Myself as Man
to be amongst you without creating any fear... to love you and to teach you to love.
I came to defend you from Evil... from Satan
I came to attract you to Me till he remains defeated as soon as possible
to not permit him all the victories that he wants and pretends and unfortunately conquers.
There... even today as yesterday I open My arms to accept you...
to speak to you...
to reassure you...
to make you tranquil...
to sustain you in the painful trials.
That which I am about to say to you is very painful for you
for Me... and for this child My Conchiglia.
You must study in depth all that I have said on the Soul
Remembering that man is made of Body... Spirit and Soul.
It is the Soul created by God the Father that takes a body.
It is the Spirit of God that makes it Blessed.
You are Souls...
you are Life...
you are Eternal...
you are in Me.*

*I Am the Vine and you are the branches in Unity with the Father...
 and in love we are a potent and great force... immense and wonderful.
 Of all of this Satan is envious
 and in these day she is more envious and furious than ever.
 Though knowing of his next defeat
 He tenaciously continues to harvest victims with his destructive will and force.
 GOD Creates...
 Satan destroys because he does not know and cannot create
 because Satan is inferior « to Man » that contrarily to him
 by will of the Father cooperates in the creation of other men in the Image and Likeness of God.
 Male and female have been created.
 A Holy army advances towards the human perfection
 with a lot of fatigue and sufferance... but it advances.
 The goal is the deification by Will of the Father.
 The path is painful.
 There are many... too many the losses and of this Satan is aware...
 and even he advances with his followers.
 Even Satan has his army.
 It is in the invisible and it is an army that is so strong and evil that you cannot imagine...
 but Satan cannot create Souls.
 Satan can only use the Souls who have rebelled against God just as he had done.
 The Evil spirit of satan...
 takes possession of the bodies emptied of the spirit of God
 and guides them because they are his servants and followers... to do evil in every environment.
 They are in the invisible the Alien Evil Spirits
 and they are preparing the army of satan... an army inversely refined.
 A desperate and destroyed army
 that intends to completely invade the Planet Earth
 and to destroy man who possess the Spirit of God.
 Satan is the only and true invader and has followers made of pure spirits.
 Alien spirits that are already on Earth and operate in the features of man
 that have nothing of humanity.
 Yet they are inhuman... cruel... assassins and much more.
 To invade the planet they do not need a spaceship.
 Do not let yourselves be fooled...
 they are already on Earth and they operate with the consent of the Governments.
 Helped by unjust human laws...
 they are doing it in front of you and with your consent...
 they are cloning men without Souls.
 Bodies ready for the battle
 Bodies that intend to possess the Planet Earth.
 The invasion has already begun through the Potent men who serve them.
 Because incarnated demons... produce other demons
 that will revolt in an enoble manner against all of you and against everything.
 The cloning is being done at a fearful pace.
 They have begun with kidnappings that you have called abductions
 Experiments upon experiments on men and women
 And the results... for them... are surprising.
 Instead... it is the horror amongst horror that can exist!*

Conchiglia...
calm your heart and breath
I know that you are without breath because all of this is terrifying.
Ask yourselves why more and more men and women are sterile...
ask yourselves why one does the artificial insemination...
ask yourselves why they have created the sperm banks...
ask yourselves why they have created the ovary banks...
What do they do with the unused embryos?
What do they do with your DNA?
And all of this in comfortable and equipped laboratories
and public and private structures everywhere in the world.
Who and what will be born from those experiments without the use of the natural procreation?
How many are the secret laboratories that develop men and women without a Soul?
What input will be given to these alien beings?
Without giving them a Soul what will they create?
They will steal everything from you?
They will occupy the Planet Earth.
They will take possession of the riches of the Earth.
But above all through their alien knowledge and intelligence...
with their technological prodigy they will imitate the miracles.
Yes... they will do false miracles
till the true men of God... Humanity...
totally loses the way
and lose love...
lose the joy and further themselves definitely away from God the Father
actively collaborating to the horrible project of Satan.
Now that is enough My children and brethren
Shake yourselves and put yourselves immediate in motion.
Impede Evil to progress.
Take knowledge of the Divine spark that is in you.
Your Deity is next...
keep custody of it...
it is precious
it is eternal.
Knock and ask to know the Truth...
ask God for a pure ... humble and sincere heart
ask for wisdom..
ask for discernment...
ask for the Holy Spirit...
Be chaste in the Soul and in the conjugal bed...
they have already invaded the spirits and the bodies...
you are already hybrids since the Beginning of Creation due to the First Man.
Form an army of men and women in holiness
and advance without fear because I am at your side and I will guide you.
Rebel to the iniquity... to all of the iniquities and injustice!
Turn over the benches outside the Temples of today
because Satan is already in every one of those Temples.
Do not fear to imitate Me
and to yell that the hypocrites are also false and full of filth
be they men of society... and men of Church.

*This is the moment to say enough of Evil before it overwhelms you... then there will be no more time.
The change is near!
Many things will be revealed due to the intrepid and the martyrs of your Days.
Do not fear to defend your Humanity... your Earth.
Do you not see all the Evil and the destruction that is around you?
I have said THIS IS THE FINAL BATTLE!
It is your duty to protect life and the future of your children.
You are the only and true responsible of your future of your children.
Everything is in your will and in your hands.
Its your choice!
Every man that dies look at you and say... I am thirsty.”*

Jesus to Conchiglia della Santissima Trinità

August 14th 2010 - 05.30

*“ Here I am Conchiglia... lead Me yourself and write...
as in Heaven as on Earth
as in Heaven as on Earth.
Oh My Church... oh My bride what have you done?
Why do you still betray Me for measly money?
Yesterday you have tried to suppress Me so that My people would follow you and no longer Me
you did not want to lose your temporary power.
Today you try to suppress this My daughter Conchiglia
through who I manifest to you and to the entire World.
The motive is always the same
you want that My people follow you and not Me.
You want that they do not hear My Voice
Voice that reprimands you and Voice that calls to the gathering My children
because there is no more time... the moment is grave!
You are not only ready to receive Me
but the house... and your goods... and the flock that I have entrusted you with
is almost all ruined.
You have acquired that which belongs to Me... without any right.
Today more than yesterday you love and have more temporary power in every environment.
You have become the politicians of Satan.
Amongst you there are those who have coined
the « United States of the Worldly Church »... Unique Worldly Religion.
You are betrayers!
It was to be the Worldly Church of Jesus and not of Satan.
Tomorrow you get hypocritically ready to remember in a bad way
the Assumption of My Mother Mary to Heaven.
Yes... I say hypocritically
because instead of saying how the things really stand in the World
you whisper few and stupid words
that My children cannot accept nor believe.
The Assumption of My Mother is a marvelous and wonderful reality
The Glory of Mary should be known in all of the World
and should be solemnly proclaimed amongst prayers and songs of joy.*

*And instead I repeat... stupid and offensive whispers rise towards Heaven
because you try not to offend the various protestant churches
in the name of a false and faint Ecumenism that I have not requested
rather I have requested to proclaim and defend the Gospel of Truth in all of the World
to all of the darkest angles of the Earth.*
AND THEN I SAID THAT WHO DOES NOT BELIEVE IN ME WILL NOT BE SAVED.
*Therefore you are accomplices of Satan and you have distorted the Truth
holding of the Gospel only that which was in your favor
in richness and power... and justice.
How many of you are already in Hell?
And how many will still go... you cannot even imagine!
You should read well and meditate a lot on what I have said
and explain to My people how My next Coming will occur
before the Last Coming.
Open the Vatican's Secret Archives.
Show to the World the proof.
Save at least the savable so that My people could take con science.
You are under estimating My People.
Till when do you intend to fool them?
Your silence is spreading further confusion
both amongst My people and amongst My faithful and loved Priests
who follow Me because they love Me and respect Me.
And before proceeding on the argument I want to specify and to make known
That these few Priests who truly love Me
Are the pillars that are still supporting My True Church.
I know the theme of all those Purple Clothed and Priests who are betraying Me
and I will unmask you one by one to your great shame and destruction.
Now I speak to you My few Faithful Rest...
My beloved flock...
My estimated and loved Pastors.
Some Powerful men of the Church...
in agreement with some Powerful men of the States of the World...
are projecting a monstrous thing
and therefore I ask you to unite yourselves to be the force against Evil
so that their monstrous project does not begin.
My children and brethren...
to realize the New Worldly Order...
they must necessarily install one Unique Worldly Religion.
They will try to blind your spirit in every way to make you believe that it is a good thing
and instead it is a work of Satan.
Through satellite around the planet Earth
they will project holographic images in your skies... above your States.
You will see in every State in the sky...
My false image that will seem real but it is not.
For every religion a false image will be projected
So that everyone will fall into the trap and into confusion.
My children and brethren...
I have always said that false prophets will arise
and that they would have fooled you saying: Christ is here... Christ is there.
Do not fall into their trap... My children.*

*When I will arrive it will be like lightning
 and only and exclusively the pure of heart will see Me... My true children and no one else.
 All of My true children will recognize Me!
 How will I come? In the same way in which I have gone.
 It is written by My Witnesses in the Gospel.
 Ah Conchiglia... what sufferance does your heart feel!
 What heavy weight I have placed on your shoulders.
 I know the sufferance of every child who will know of this...
 through your hand that you lend to Me.
 But I can no longer delay... child.
 The risk of losing many Souls is great
 and every single Soul for Me is precious more than the entire Universe.
 I have begun by saying: as in Heaven as on Earth.
 Well it is not a mystery the fact that Satan is also called the « monkey of God »
 because he tries to imitate God in evil.
 Every type of spaceship exist.
 According to the vibration of the Soul... the spaceship vibrates.
 They are made of pure light... invisible and visible to your eyes in various situations.
 The Beings of light with spaceships of light are watching you
 they are ready to intervene to help My people in case of need.
 Unfortunately the « monkey of God » has many scientific followers on Earth...
 Other than the invisible followers.
 The incarnated demon scientists... have constructed their own spaceships
 stealing the knowledge of the spaceships fallen on Earth.
 Their spaceships are primitive in comparison with those of light
 that can reduce their vibration to make themselves visible to you My children.
 Unfortunately in the Sky the people will see one and the other.
 The trick of the demon is in act.
 Let us try to distinguish them simply by saying:
 Spaceships of God and spaceships of the devil.
 The spaceships of God are in your skies since unmemorable times
 and through the millenniums they have always monitored you
 hiding often amongst the clouds (1)... read the Scriptures.
 The Holy Book is testimony of many of these facts.
 Never will the occupants of these spaceships do you harm.
 In the Cosmo an evolution is reality that you cannot even imagine
 and if you try it would be in a ration of: 1 to a million of millions =2.
 At the moment of need one will be taken and another will be left. Read the Gospel.
 The spaceships of the devil instead...
 Will make themselves visible displaying their presence confusing the little ones.
 These primitive spaceships... in comparison to the others are however evolved
 so much as to fool many of the Ufologists who say that they are experts.
 These spaceships of the devil are guided-piloted by terrestrial scientists
 and unfortunately they also due kidnappings to do their genetic experiments
 in accomplice with alien beings without soul but intelligent.
 You would call them intelligent biological Robots without a soul.
 These beings collaborate with the various occult States and Powerful men.
 Your States and occult Powers try to understand with their possible knowledge...
 while they in exchange try to understand your Soul that they do not have
 because they are intelligent biological robot beings without sentiments and without emotions.*

*Keep watch My children.
 States and occult Powers will try to make you believe... this is their project...
 that you are about to be invade by aliens
 and instead it is their intention to do everything holographically.
 You will see what in reality does not exist!
 The motive?
 Steal your money... so much money for arms to fight them
 making you their slaves by frightening you
 taking you all into their power.
 In fact their diabolic experiments consist also...
 in making Humans robotized ready to execute every their command
 given mentally far away wherever you are.
 The devil through the occult States and Powerful followers
 Want to take possession of the Planet Earth and of Humanity...
 I have said this many times through her My child and your Conchiglia.
 Chaos is everywhere.
 You are all in danger.
 You are not spiritually prepared.
 You are not pure of heart but much sinners
 and therefore many of you will fall in the trap of Satan.
 Even the chosen must fear and keep watch in order not to fall.
 Yet... many of them will fall!
 Confusion and total sickness will reign
 if you do not get down on your knees right now and say « mea culpa » [my fault]
 and ask forgiveness to God the Father
 to Me Jesus
 to the Holy Spirit
 and to My Mother Mary
 and also to those who you have offended and slandered
 and defamed and stolen and unjustly killed
 making yourselves judges in place of God.
 My children and brethren convert yourselves.
 Through your love... your prayer and your charity
 You have the possibility to contrast Evil
 Till the monstrous project of the devil fails.”*

August 14th 2010 - 05.50

*“ I am the Mother Mary Conchiglia.
I am your Mother... lean on me so that I will support you with love and tenderness
Heaven cries in seeing Evil increasing in the World.
Everyday you witness this.
And so my children profit of these days of Grace.
Prepare yourselves without becoming tired of every situation
to accept the Will of my Son Jesus and then put it into practice.
Turn to Him and to me your never ending thoughts
so that Satan through his followers in heaven and on earth
will not occupy your thoughts.
Today he is stronger than ever because though knowing his next end
he does not give up and creates as much damage and sufferance as possible.
I love you Conchiglia
I love you my children
and with love of a Mother I invite you to stay close to me
to enjoy my Protection and Blessing.”*
