Dear Pope Benedict XVI,

I am writing to You to present to You a document published on the Pravda.ru, Asking You to give light on the events because sadly they correspond to a Revelation that I received from Jesus on April 25 2008 which I report at the end of the page:

Pope Wojtyla has been poisoned?

As announced by professor K. Brahms, the embalmment experts were dismissed right after the preparative activities of the body of Pope Wojtyla during the ritual procedure.

According to what was made known by the International Association that studies the secrets of the Holy Shroud, serious doubts about the death of Pope Wojtyla arise.

Though the fact, as the tradition wants, the bodies of the dead popes to be subjected to a slight embalmment, without the extraction of the organs, the body of Pope Wojtyla would not have been rightly prepared, in fact both the person responsible for the liturgical ceremony Archbishop Piero Marini and the official spokesman of the Vatican Joachin Navarro have categorically refused the possibility of the body of the last Pope to be embalmed.

As announced by professor K. Brahms, the embalmment experts were dismissed right after the preparative activities of the body of Pope Wojtyla during the ritual procedure.

Actually the two brothers, who practically have passed their whole life in the Vatican, are forced not only to seek refuge in some other country in Europe but also to change their identity.

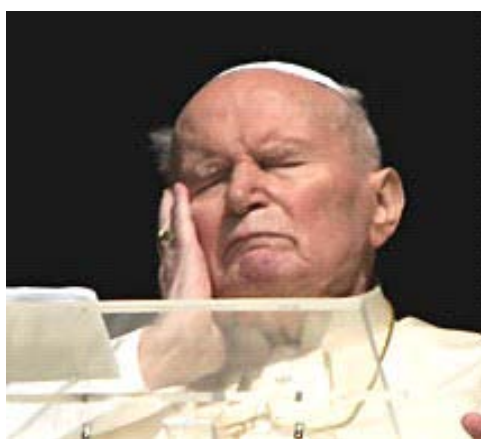

Under the false name of Formizetti, the two brothers have already decide to publically declare that Pope John Paul II did not die a natural death, the reason why the organizers of the ritual ceremony have impeded the embalmment of the body of the first Polish Pope in the history.

As the “Formizetti” brothers have confirmed, there are many in the Vatican that do not want a lot of publicity on this matter and the knowledge of the professor K. Brahms has permitted to contact the two persecuted brothers to make known their version of the facts.

*" We fully realize that our lives are in great danger, **but we cannot remain silent**, - has declared one of the two brothers. – While we were preparing for the embalmment of the body of the Pope, we saw with our eyes the sign of an injection at the height of the groin. We were however able to withdraw a sample of blood of the Pope to then in great secret do a toxicological analysis, from which emerged that in the blood of the Pope there were traces of strophanthus glucose, **a type of poison** able to cause a cardiac arrest of which Pope Wojtyla died of. ”*

From the :
REVELATION given to Conchiglia
BENTORNATO MIO SIGNORE (Welcome back my Lord) - Vol. XI pag. 107

Jesus to Conchiglia
April 25, 2008 - 11.30

*“ Conchiglia...
this Revelation enters in the uniqueness of what We give to you.
John Paul II...
has practically returned home five years before expected.
The true cause of his death is Gout...
a disease that is obtained through the poisoning of water.
Poisoning that is done in small doses
so that no traces remain.*

*Unfortunately the enemies of God are in contact with many experts in the fields
even these are enemies of God.*

Ah, Conchiglia...

how sad and painful it is to see the evilness of man...

man who continues to be slave of Satan and to be his servant.

Man is the cause of evil to Humanity.

Man is evil to himself because he is fruit of the Original Sin...

a sick root in extinction but that exists

and still will exist till when will arrive

the great purification that is about to come...

even this created by man against himself.

Cure your lives children...

do not remove from it the days that God has donated.

Every day of life is precious and unique and will not return.

Many are the years of life that the Original Sin

has stolen from My marvelous creature

made of the Image and Likeness of God.

Years briskly interrupted by the envy and jealousy of Satan.

Be aware of that which competes to you

because you can do a lot of things

to inform other brothers and other sisters.

Conchiglia... even to you are they taking away days of life...

they are poisoning your heart day after day...

that heart that suffers due to the evil of man: THE UNLOVE.

Remember Conchiglia... I Jesus loves you...

I in you... you in Me... together in the Trinity of Love”.

WHAT IS GOUT?

Uric acid is the cause of gout

by Ciaci Danilo, General Physician of Milano

<http://www.ambulatorio.com/malattia/gotta/321/1.htm>

The **cause of gout** is an excess level of **uric acid** in the blood, a waste product formed the breakdown of purines. www.benessere.com/salute/disturbi/gotta.htm

The gout is an arthritis, that is an acute or chronic swelling of the articulations, caused by the deposition internally or near to the articulations of crystals of monopedic urate, **derived from the precipitation of uric acid** present in excessive concentrations in the body liquids. The blood filled with uric acid brings to the organs along with nutritious substances a source of **continuous poison**. The tendency to increase the levels of **uric acid is caused also by certain medicines**.

http://www.viveremeglio.org/0_arire/cancri_tumori/0_articoli/acidosi/acidi00.htm

Uric acid is produced in the liver by the necessary processes to eliminate the old organic cells or those derived from food.

Below are the normal values reported for a deciliter (dL) of blood:

- **Male:** 2,1-8,5 mg/dl.
- **Female:** 2.0-6,6 mg/dl.

**POPE BENEDICT XVI BESTOWS TWO APOSTOLIC BLESSING
TO THE MOVIMENTO D'AMORE SAN JUAN DIEGO
AND TO CONCHIGLIA DELLA SANTISSIMA TRINITÀ
A.D. 2010**

It is important to note, which normally, these Apostolic blessings of the Pope are granted to spouses in the date of their marriage and in their anniversaries with a modest offers for the costs of the parchment, and would seem to be the first time in the history of the Church that these Apostolic blessings of the Pope has been officially granted to a charismatic yet in life, free of charge, without any payment of offers for the parchment, while she is still receiving the Revelations from the Holy Trinity and Holy Mary and properly, she is by Will of God the founder of the Movimento d'Amore San Juan Diego, in honor of Holy Mary, Our lady of Guadalupe and to defend the Catholic Church of Jesus Christ with the POPE as head.

**MOVIMENTO D'AMORE SAN JUAN DIEGO
is a worldwide movement of hearts, open for everybody free.**
